LED SERIES

ECO LED TUBE

In order to meet different installation requirement or project budget, we also provide an economical version of ECO LED TUBE. This version has a plastic mounting clip at both ends of the tube instead of an aluminum channel on the bottom of the tube for installing purpose. The tubing is clear while the conventional version is milky white. The change in design will not damage its color lighting effect but save you money.

Functions

Static colors:	Red, Green, Yellow, Blue, Purple, Fluorescent, Green, White
Color Change :	color counterchange, color twinkle, Gray scale change

Technical Parameters

Luminance:	77 Lumens
Operating Temperature:	-20.c~+45.C
Operating Humidity:	0-95%
Protection Rating:	IP65
Controller:	SRC-181 controller
Input Connection:	four-pin male connector
Output Connection:	four-pin female connector

Specifications

Input:	AC120v AC240V
Current:	0.1A 0.06A
Power Consumption:	12w 14.4W

Structural Specifications

Material of Light Tube	clear polycarbonate
Size	L1000xW83xH73mm
Net Weight	0.6kg
