INTELLIGENT LIGHTING

PSZ

Pro Stage Zoom

The PSZ Range (Pro Stage Zoom) is an innovative projector with an elegant housing made from high quality aluminum-alloy with an insulating painting finish. The product complies to CE norms and standards. The unit can be hung easily and safely. The angle of inclination of the projector body is convenient to be easily adjusted. The unit uses a high quality reflector with special reflective coating which can reduce the heat emitted significantly so the life of components of the unit can be prolonged effectively. Using blades provided you can create various images and using the filter holder provided you can get different color effects. You can adjust confidently, safely and easily without any tools. The projector is suitable in many applications including, stage, clubs or any artistic use.
